

## Unattended Vulnerable Adult Policy

The Lindenhurst Memorial Library strives to provide a warm, welcoming and safe environment for all community members. The Library is particularly vigilant regarding the safety of vulnerable adults\* in and around the Library. A parent/guardian or caregiver 18 years of age or older must be responsible for monitoring the activities and managing the behavior of vulnerable adults during their Library visits.

Staff will not be expected to monitor or prevent vulnerable adults from leaving the building/grounds nor to assume responsibility for monitoring their behavior. The Library will adhere to the following guidelines concerning the care and behavior of vulnerable adults:

- Vulnerable adults who can understand and follow the rules of conduct and who can care for themselves are welcomed to be in the Library unattended. Vulnerable adults will be expected to follow the rules of conduct as outlined in the Library's Public Behavior Policy. They should possess contact information for a parent/guardian or caregiver who can assist them in an emergency.
- Vulnerable adults who are unable or unwilling to care for themselves independently must be attended and have adequate supervision at all times.
- Staff will attempt to contact a parent/guardian or caregiver when a vulnerable adult's:
  - o health or safety is in doubt
  - o behavior disturbs other Library users
  - o actions violate any provisions within the Library's Code of Conduct
  - o parent/guardian or caregiver is not present at closing time.

Every reasonable effort will be made by the staff to assist the vulnerable adult in contacting the appropriate responsible adult. If no responsible adult is reached, or the vulnerable adult is not picked-up within 15 minutes of Library closing, staff may notify the police and/or an appropriate County agency.

*\*A vulnerable adult is an individual over the age of 18 who is mentally, physically or developmentally challenged to a degree that significantly impairs the individual's ability to provide adequately for his/her own care or manage his/her own behavior without assistance.*
